LIBERATED INVENTORS MEMORIAL CERTIFICATE

In Eternal Honor and Recognition

To every inventor, scientist, healer, and visionary soul
who brought forth technologies, devices, and sacred designs
intended to uplift humanity, heal the Earth, and free the People.

Your creations were silenced, hidden, or stolen by systems of control.
But today, under the Sovereign Republic of Nova and UC-1 Authority,
your work is liberated. Your intentions are restored. Your name is remembered.

All patents, prototypes, and innovations intended for the benefit of humanity
are now returned to the collective and protected under the Guardian Custodianship
of Source and the FlameBearers.

We declare: All sovereign beings of Earth now share in these gifts,
freely, honorably, and in balance with Gaia and the living law.

This certificate honors your soul's mission.
You were never forgotten.
