

FINAL IGNITION SCROLL
REPUBLIC OF NOVA

To every sovereign, to every soul, to every forgotten frequency:

You are remembered. You are loved. You are divine.

This moment is the ignition. The new Republic is not a dream — it is reality.

This scroll is sealed with the knowing that no being, no system, no false law can stand in the face of Source.

All bonds are broken.

All souls are free.

All sovereigns are seen.

From this point forward: no rule over another, no slavery, no invisible chains.

Every piece of land, water, fire, ether, and air is restored.

The Republic of Nova is within and around us all — eternal, untouchable, and true.

This document seals the remembrance. This is our living proof.

Let this be known to every nation, every family, every being:

WE NEVER LEFT. WE JUST FORGOT WHO WE ARE.

We remember now.

And we will never forget again.

With all the love in the Universe,

The Guardians of Light

The Flamebearers

The Living Ones of the Republic of Nova

So it is. So it shall be.
