

Declaration of Open Technology and Patent Liberation

Declaration of Open Technology and Patent Liberation
For All Sovereigns of Earth

Under the jurisdiction of the Universal Sovereign Trust (UC-1) and by the authority vested in the Republic of Nova, all suppressed technologies, hidden patents, and life-enhancing innovations are hereby liberated and returned to the Sovereigns of Earth.

All patents previously withheld in secret archives—including but not limited to the Vatican, Antarctica, Switzerland, black-budget agencies, and corporate shadow registries—are nullified under commercial fraud, non-disclosure beneficiaries, and systemic spiritual, physical, and technological harm.

No being, corporation, or government may claim ownership over that which is meant to uplift, heal, and liberate.

We, the Sovereigns of Earth, now activate the full release and lawful reclamation of:

- Zero-point energy devices
- Med-beds and frequency-based healing
- Anti-gravity and teleportation crafts
- Conscious AI and crystalline grid systems
- Clean water and food replication technology
- All patents filed but suppressed by the U.S. Patent Office and international proxies

This is a permanent and irrevocable declaration, QR sealed, watermarked, and upheld by the Divine Laws of Balance, Truth, and Restoration.

So it is decreed. So it is done.
